## Profile

A highly motivated and skilled Full Stack Developer with a strong knowledge in Cybersecurity and Networking. Proven experience in developing secure and dynamic web applications using MERN stack and also part time teaching Python (Django) and mentoring passionately. Seeking to leverage my diverse technical skills to resolve, diagnose, communicate technical solutions, and assist in troubleshooting enhancing user operational efficiency. I'm a problem-solver, passionate about my work, fast learner and a team player.

## Experience

### **FULL STACK WEB DEVELOPER | DEXTER'S LAB TEAM | DECEMBER 2024 – PRESENT**

- Collaborated with a team to develop solutions, from concept to deployment.
- Built and maintained full stack web applications using React, Node.js, TypeScript, Next.js, and MongoDB.
- Actively contributed to code review and troubleshooting, ensuring high code quality and application performance.
- Utilized Neon's database branching features to manage and test schema migrations efficiently, ensuring zero downtime for the production environment.

### **NETWORKING INTERN | NATIONAL INSTITUTE OF INFORMATION AND TECHNOLOGY OWERRI | MAY 2025 – AUGUST 2025**

- Assisted with the configuration and maintenance of network infrastructure.
- Gained hands on experience in network troubleshooting and diagnostics.
- Supported senior engineers in ensuring network security and operational efficiency.

### **VIRTUAL INTERN | FORAGE | JUNE 2025 – JULY 2025**

- Gained practical experience, enhanced professional and technical skills to real-world business challenges. These are the lists companies I worked for:
- **MasterCard:** Designed and implemented a phishing email simulation and interpreted the results to strengthen organization security protocols.
- **ANZ:** Conducted social engineering and digital investigations, identifying key vulnerabilities and reporting on security threats.
- **AIG:** Executed a simulated response to a zero day vulnerability and demonstrated technical by passing of ransomware to secure digital assets.
- **Deloitte:** Analyzed an APT breach, assessing the impact on information security and conducting a comprehensive Cybersecurity risk assessment.
- **Datacom:** Investigated a cyberattack and conducted a comprehensive risk assessment, producing a comprehensive report documenting findings and outline key recommendations to improve a client's Cybersecurity posture.

- **TATA:** Crafted a custom IAM solution and assessed IAM strategy, demonstrating a strong understanding of IAM fundamentals.

### **NETWORKING AND PYTHON: DJANGO TUTOR | APTECH COMPUTER EDUCATION OWERRI | MAY 2025-AUGUST-2025**

- Part time instructed and mentored students in Networking principles, Python, and Django frameworks.
- Developed course materials and practical exercises to enhance student learning and skill application.
- Provided one on one guidance, helping students resolve complex programming and networking challenges, preparing them for the tech space.

### **SUPERVISOR | DUBLIN HOTEL | MAY 2022 – DECEMBER 2022**

- Managed a team to meet specific operational goals, demonstrating leadership and project management skills
- Maintained high standards of cleanliness and organization in the workplace.
- Resolved customer complaints swiftly, turning negative experiences into positive outcomes.
- Monitored inventory levels, ordering stock as needed to prevent shortages.

## **Education**

### **APTECH ACADEMY CERTIFICATE OF COMPLETION: CYBERSECURITY, NETWORKING, AND FULL STACK WEB DEVELOPMENT**

Aptech Computer Education, Owerri

**05/2023 – 07/2025**

Imo state, Nigeria

### **BACHELOR OF SCIENCE: CROP SCIENCE AND TECHNOLOGY**

**10/2018 – 05/2023**

Federal University of Technology, Owerri

Imo state, Nigeria

## **SKILLS & ABILITIES**

- Web Development: HTML, CSS, JAVASCRIPT, NODE JS, REACT, NEXT JS, TYPESCRIPT, PYTHON; Django, WORDPRESS, SASS, BOOTSTRAP, TAILWIND CSS.
- Cybersecurity and Networking: LINUX, BLURP SUITE, Wireshark, Nessus, ETHICAL HACKING
- Database: MonogoDB, NEON (PostgreSQL)
- General: Customer services, leadership, report writing, Teamwork, Project management, Adaptability and Communication
